2017-2018 Cell Phone Agreement

_____ has a cell phone. The number is _____.
(Student's Name)

_____ does NOT have a cell phone.
(Student's Name)

I understand that cell phones are not allowed during the school day. I also understand that if a student has a cell phone as noted above, the student must bring the cell phone to school each day. The cell phone must be placed in the assigned cell phone slot before the homeroom bell rings at 8:00 a.m. I understand that if the phone is not properly placed on time, the student will receive disciplinary action. I understand that if a parent has taken the cell phone from the student for disciplinary reasons, the parent must email Mr. Reisberg before school starts so CCS is aware that the student does not have access to their phone to bring to school. Parents must also email Mr. Reisberg when they have returned the phone to the student.

I understand it is the responsibility of the student to return to homeroom at 3:05 p.m. to retrieve the phone. I understand that if a student leaves early for an athletic event, the student may pick up the phone at the break before the last class before dismissal but must leave the phone off and in a backpack or locker until dismissal. **At no time, may a student disturb a class to retrieve their phone.** I understand that if the student has brought a note to leave early, the phone will be sent down to the office for retrieval when the student signs out for the day.

I understand that if a student has their phone during the school day, the phone will be confiscated and held in the office until the last day of school. I do not hold CCS responsible for the unused phone plan.

I understand that students may not pick up another student's phone or play with another student's phone at any time.

I understand that using the phone for music, to show inappropriate content, or using the phone in any inappropriate way at an athletic or school event will mean the phone will be confiscated until the last day of school, and the student will receive disciplinary action in the form of a detention or suspension based on severity of offense.

I understand that if a student receives a phone who did not originally have one according to this form, gets an additional phone, or if a phone number changes, the student and parent must inform the school immediately.
